## Services We Offer

### Pre-Operative Support

Our pre-operative support service is designed to prepare our clients for their upcoming surgery. We provide them with all the necessary information and support they need to ensure that they are mentally, emotionally, and physically ready for the journey ahead.

### Travel Arrangements & Surgery Pick Up

We understand that travel can be a stressful part of the surgical journey, especially for those who are undertaking a procedure far from home. We alleviate this stress by taking care of all travel arrangements for our clients. Furthermore, we provide surgery pick up and return service after the surgery, ensuring our clients can travel back home comfortably and safely.

### Medical Support

We collaborate with a network of top-notch medical professionals to provide our clients with the best possible healthcare pre and post surgery. Our Nutritionist and therapist helps you manage your new journey, kick start a better mindset and continue a healthy lifestyle. During the surgical journey, our clients have access to a team of medical experts who are available to address their medical and mental health needs and concerns.

## Post-Home Care in NYC & NJ

The journey doesn't end after the surgery. We offer post-home care services in New York City and New Jersey, where our dedicated team takes care of our clients' needs after the surgery.
